

Student Exchange Programme

In order to enhance students' ability to assess, understand the culture of new groups of people, and to function effectively as a contributing member of the given community, St Xavier's College, Jaipur has been hosting exchange programmes every year since 2013. The objective of these exchange programmes is to expose students to non-traditional forms of acquiring maximum knowledge in minimum time and to reinforce abstract learning with learning experiences. As we all know that it is a prerequisite for a present day student to get access to globally relevant education. Therefore, it is our endeavor to take our students to study centres nationally as well as globally, which enhances their world view.

International Exchange Programme
